

Bournemouth, Dorset and Poole – Mineral Sites Plan  
Pre-Submission Consultation Draft

Extant Plan Policies of the  
Dorset Minerals and Waste Local Plan 1999  
to be replaced by Mineral Sites Plan

December 2017

**Background**

The Minerals Strategy 2014 replaced most of the policies of the Dorset Minerals and Waste Local Plan – Adopted 12 April 1999. The waste policies had already been replaced by the 2006 Waste Plan.

Five policies of the Dorset Minerals and Waste Local Plan – Adopted 12 April 1999 remained extant, and will be replaced by the Mineral Sites Plan on adoption. These policies are set out below, with an indication of which policies will replace them.

Current Plan	Policy Title/Number	Purpose	Policy/policies that will replace it
Dorset Minerals and Waste Local Plan – Adopted 12 April 1999	Policy 6 - Relating to Applications Outside the Preferred Areas	<i>Sets out the criteria to be applied to proposals for development on land outside of Preferred Areas</i>	Development management and restoration policies of the Minerals Strategy 2014;  Policy MS1 Production of sand and Gravel; Policy MS2 Sand and Gravel Area of Search; Policy MS8 Puddletown Road Policy Area; Policy MS4 Site for the Production of Recycled aggregate; Policy MS5 Site for the provision of ball clay Policy MS6 Sites for the provision of Purbeck Stone Policy MS7 Sites for the provision of other building stone Policy MS8 Puddletown Road Area Policy
Dorset Minerals and Waste Local Plan – Adopted 12 April 1999	Policy 15 - Preferred Areas for Sand and Gravel	<i>Identifies the detailed criteria which must be satisfied before an application in the Preferred Areas will be permitted.</i>	Development management and restoration policies of the Minerals Strategy 2014; Policy MS1 Production of sand and Gravel; Policy MS8 Puddletown Road Policy Area
Dorset Minerals and Waste Local Plan – Adopted 12 April 1999	Policy 16 - Applications for the winning and working of gravel outside Preferred Areas	<i>Outlines the special circumstances where planning permission outside the Preferred Areas identified in Policy 15 will be granted</i>	Development management and restoration policies of the Minerals Strategy 2014; Policy MS1 Production of sand and Gravel; Policy MS8 Puddletown Road Policy Area
Dorset Minerals and Waste Local Plan – Adopted 12 April 1999	Policy 30 - Presumption in favour of extraction in Preferred Areas	<i>Sets out presumption in favour of applications within the two preferred areas at Acton and Swanage</i>	Development management and restoration policies of the Minerals Strategy 2014;  Policy MS6 Sites for the provision of Purbeck Stone
Dorset Minerals and Waste Local Plan – Adopted 12 April 1999	Policy 35 - Presumption in favour of applications within Preferred Areas	<i>States the presumption in favour of applications within the four preferred areas for ball clay, provided they satisfy certain criteria. Relevant to any planning application for the extraction of ball clay at Trigon</i>	Development management and restoration policies of the Minerals Strategy 2014;  Policy MS6 Sites for the provision of Purbeck Stone
