

EAST DORSET FRIENDS OF THE EARTH : SESSION 9

Session 9 Cluster 5: As for Cluster 4 plus AS-06 Great Plantation

Issue: Not Effective

East Dorset Friends of the Earth made several points about Puddletown Road Area regarding Clusters - see MSP152, MSP155, MSP157, MSP158, MSP162. Please may we speak on Clusters in general in session 9, as well as the specific transport issues ? Alternatively could there be a separate session on Clusters at which we can speak about general issues related to Clusters - perhaps Session 4 ?

Clifford C. Morse
