- The Bournemouth, Christchurch, Poole and Dorset Mineral Sites Plan was previously known as the Bournemouth, Dorset and Poole Mineral Sites Plan.
- **All documents and copies of this form are available at** [www.dorsetcouncil.gov.uk/mineral-sites](http://www.dorsetcouncil.gov.uk/mineral-sites)
- **During this consultation you can comment on the modifications proposed to the Pre-Submission Draft Mineral Sites Plan.** The modifications are set out in the Schedule of Modifications and in the 'Modified Mineral Sites Plan'. They include main modifications necessary for the Mineral Sites Plan to be capable of being found 'sound' and additional modifications, which do not impact on whether the Plan is 'sound' or not. Main modifications are written in underlined red text and have the prefix 'MM' Additional modifications are written in underlined red italics and have the prefix 'AM'.
- If your representation does not relate to a modification it will not be valid.
- Please make it clear which modification your representation relates to – reference numbers can be found in the Schedule of Modifications and are written in brackets in the Modified Plan.
- A separate representation form should be provided for each modification commented on.
- You can also choose to comment on the sustainability appraisal and habitats regulations assessment
- The Planning & Compulsory Purchase Act 2004 (as amended) states that the purpose of the Examination is to consider whether the plan complies with legal requirements, the duty to co-operate and is 'sound'. Your comments on the modifications must therefore relate to these matters.

#### To be 'legally compliant':

Any comments which you wish to make on the way in which the Council has prepared the published plan must relate to matters of legal compliance, which include, in particular, whether the plan:

- ▶ has been prepared in accordance with the Local Development Scheme; the Statement of Community Involvement and the Town & Country Planning (Local Planning) Regulations 2012;
- ▶ has been subject to sustainability appraisal; and
- ▶ has had regard to national policy.

#### To be 'sound' a local plan should be:

- ▶ Positively prepared – Does the plan seek to meet objectively assessed needs for minerals; take account of unmet requirements from neighbouring/other authorities where it is reasonable to do so, and achieve sustainable development?
- ▶ Justified– Does the plan provide the most appropriate strategy when considered against reasonable alternative options?
- ▶ Effective – Do you think that the policies in the plan are capable of being delivered during the plan period?
- ▶ Consistent with National Policy – Does the plan enable the delivery of sustainable development in accordance with the National Planning Policy Framework?
